Summary

I'm a curious and passionate UI/UX Designer who loves turning complex problems into simple, intuitive experiences. With hands-on experience designing for government platforms, smart inspection systems, and AI-driven tools, I focus on creating digital products that actually make people's lives easier.

One of the things I enjoy most is building and evolving design systems—from defining foundations to working with tokens and variables to ensure scalability, consistency, and theming flexibility across

Technical Skills

- **UX Methods**: User Research, Information Architecture , Personas, Wireframes, Prototyping, Usability Testing, competitive analysis
- **UI Tools**: Figma (Variables, Tokens), Adobe Illustrator, After Effects , Protopie
- **Dev-related**: HTML, CSS , configurator tokens studio
- **Team Tools**: Miro, Fig Jam, Agile/Scrum ,

Experience

UI/UX Designer Lead | Osimah | Project Base ***(March 2026 – Present)***

- Lead end-to-end UI/UX design initiatives across complex web and mobile products, from discovery and research to high-fidelity design and implementation.
- Collaborate with product managers, business stakeholders, and engineering teams to define product requirements and transform them into intuitive, user-centered solutions.
- Build and maintain scalable Design Systems using Figma Components, Variables, Tokens, and reusable patterns to improve consistency and delivery efficiency.

UI/UX Designer | RMG |remotely |Project Base| Project Base (*March 2026 – Jun2026)*

- Conduct user research and competitor analysis to align product strategy with user needs.
- Designed end-to-end user experiences, including wireframes, user flows, and interactive prototypes.
- Collaborated on an AI-powered project with **Renad Al Majd**, contributing to product design and experience optimization.

- Led UX improvements for **Azkla X** (**SDAIA project**) by redesigning the website and simplifying user flows to enhance usability and accessibility.
- Contributed to **SMAI 2** (**SDAIA project**), supporting UX design and improving overall user journey.
- Utilized AI tools to streamline design workflows and enhance product innovation.

UI/UX Designer | Freelance |remotely *(Jan 2025 – present)*

- Analyze user needs and conduct competitor research to align product development with customer requirements.
- Create wireframes to visualize structure and user flows.
- Design digital products and build interactive prototypes.
- Leverage AI tools to enhance and innovate digital product development

Design System Engineering | Cradis |Saudi Arabia| remotely *(April 2025 – Jun 2025)*

- Plan for Option, Alias, and Components Specific Tokens
- Create Component Specific Tokens for all Components
- Export Tokens and Variables to JSON Code
- Handoff Documentation for Developers
- Convert JSON code to CSS
- Testing end to end Process

UI/UX Designer | Starways |Saudi Arabia| remotely *(April 2024 – May 2025)*

- Designed and improved a smart inspection system tailored for field auditors, enabling them to perform structured audits for public institutions and government entities efficiently.
- Contributed to an AI-powered platform that analyzes social media content, extracting trends, sentiments, and user behaviors using advanced machine learning models.
- Worked on a governmental housing platform (Saudi-based) aimed at providing digital services to ministries and public sector authorities, with a focus on accessibility and user-centered design
- Conduct user research and analysis to understand user needs and pain points.
- Design interactive and visually appealing user interfaces that align with the company's branding and user experience goals.

Product Design | Saudi Arabia | remotely | (Jan 2021 – April 2024)

- Shifted focus from traditional web design to modern product design (mobile and web applications).
- Built a professional portfolio to showcase design capabilities.
- Participated in bootcamps and advanced training to prepare for re-entering the job market.

Career Development & Upskilling | (Feb 2017 – Jan 2021)

- Completed multiple online courses in UX/UI design (Coursera, Google, Udemy).
- Focused on self-learning and staying up-to-date with industry trends.
- Worked on occasional freelance and side projects to apply and refine skills.

Web/UI Designer | Freelance |remotely (May 2012 – Feb 2017)

- Delivered small-scale projects such as websites, landing pages, and logos.
- Applied early user experience practices (wireframing, page structure, basic usability decisions).
- Gained solid skills in design tools (Photoshop, Illustrator) and front-end basics (HTML, CSS).

Web designer | Ebla | UAE | remotely (April 2011 – April 2012)

- Design web pages interface and layouts.
- Design logos that reflect the company's brand and values.

Multimedia Developer | Mobimedia | Egypt | onsite (May 2010 – Jan 2011)

- Design and Create Mobile Advertising Using Flash

Web Designer| EgyTronic | Egypt | onsite (October 2008 – Feb 2010)

- Design web pages interface and layouts.
- Design logos that reflect the company's brand and values.
- Design and develop animations for website interfaces using Adobe Flash.
- Courses in Adobe Photoshop & flash

Web Designer | Origin Development | onsite (Jan 2007 – October 2008)

- Design web pages interface and layouts.
-

UI/UX Design Instructor |remotely

- Courses taught include:

- UI/UX Course @ Easylearn Academy
- How to choose the right thinking tool
- Difference between Information Architecture & sitemap
- The Difference Between Information Architecture (IA) and Navigation
- Tree Testing vs. Card Sorting: Different Purposes

Certificates & Courses

- Agile Methods for UX Design , IXDF Certificate ,December 2025 View Certificate

- IxDF Masterclass Certificate of Completion: Design for the 21st Century with Don Norman View Certificate

- IxDF Masterclass Certificate of Completion: Radical Participatory Design: Insights From NASA's Service Design Lead View Certificate

- IxDF Masterclass Certificate of Completion: How to Design for Discoverability View Certificate
- IxDF Masterclass Certificate of Completion: Conversation Design: Practical Tips for AI Design View Certificate
- IxDF Masterclass Certificate of Completion: AI for Design Systems: How to Stay Ahead and Lead View Certificate
- Design System & Design tokens @Cradis
- UX/UI @Cradis boot camp
- Course Completion Certificate ProtoPie School ProtoPie School Issued Mar 2025
  Credential ID 638e62310ddd45be0704e814
- Mobile Product Management Certification
  UXCamUXCamIssued Sep 2024
- Start the UX Design Process: Empathize, Define, and Ideate @Google
- ISTQB® Foundation Level ISTQB® Foundation Level
  , ITIDA Information Technology Industry Development Agency, ITIDA
  Issued Jan 2018 Issued Jan 2018Credential ID 180110061

Education

MAY 2008

Bachelor of Engineering | Mansoura University | Communication Department
